Do secrets make you ill? - Personality quiz | Ben Ambridge | Life and style | The Guardian

Keeping Secrets Can Make You Sick. New neuroscience has reported that it doesn't really matter to our brain whether we are keeping our own.

Some secrets are more likely to cause mind wandering and it's that, not the secret itself, that interferes with contentment, says Ben Ambridge.

What I only recently realized is that the catalyst that set me on the path to writing this book came directly from that phrase – secrets make you sick. After so many years, all of a sudden, "all those very confused, very scattered puzzle pieces of my life just locked together in one big, amazingly clear picture," she says. As they grow up, these children will be more likely than other children to use behaviors like Secrets Make You Sick, drinking and overeating to cope with stress. Vincent Felitti, now director of the California Institute of Preventive Medicine. It just seemed like he had a struggle within. An experience I have lived since the death of my first daughter and again after my second daughter died.
