Everything seems weighted against the children. He was interested in human folly at every age, and though his stories and pictures were designed to amuse, they would also prod many readers to reflect. The pranks thus form a circular sequence, beginning and ending with domestic fowls, but with reversed results.

Heinrich Hoffmann a young doctor in Frankfurt am Main, despaired of finding a The verbal and pictorial narratives are closely correlated, and a small child would be able to follow the story from the pictures. It was first published in by Schreiber and Schill in Esslingen, near Stuttgart, and was translated into many languages and disseminated widely in Europe and North and South America up to the s.
