Experienced practitioners approach their work with a vast and complex array of concepts, theoretical models, provisional explanations, typical scenarios, anticipation of likely outcomes, etc... News presentation and news content are adjusted due to the increased competition for audiences. It is precisely based on these basic journalistic values that news translators determine what is integrated into a news item as newsworthiness and what is discarded out of a myriad of source texts.

PublicationsJul26, ScienceofHeatandThermophysicalStudiesTechnology  
Although translation is a form of rewriting, not all rewritings are translations. Translation scholars have discussed the changing role of translation in the transmission of international news information and called for news translators to adapt to such changes. Information,

story-telling and attraction constitute the three modes of communication typical in TV journalism. NarrowRangeofDebate. In his view, commercial news stations are more likely to serve these markets. McManus Experienced practitioners approach their work with a vast and complex array of concepts, theoretical models, provisional explanations, typical scenarios, anticipation of likely outcomes, etc...
