Each story offers a candid insight into the world of deafness - the highs and lows, the joys and the tears. Strategies used to tackle barriers related to living in a hearing world are presented. What this book does very well is show that there are many different ways for a child to become deaf, many different paths to take to overcome obstacles, and many different outcomes - all of which can be successful for the child.

Paperbackpages. We knew from when I was 12 weeks pregnant that there were going to be health complications with my daughter. Deaf adults describes their own journey with hearing loss and paint an honest picture of the struggles and barriers they have come up against being deaf in a hearing world. We knew from when I was 12 weeks pregnant that there were going to be health complications with my daughter.
