The message was fantastic, but WAY too young for me. Full of fun assignments, notable names and real-life examples, Christy offers a new look at seemingly "old fashioned" advice. It's not a terrible book, but I would by no means call it feminist, as another reviewer said. The Devil Wears Prada. I even quoted one part in a Facebook status. I definitely think those who would benefit the most from this book might be the is a fantastic gift for a high school graduate!
