Complete the look Must Have. Number of Employees 26 to 50 People. See slight cracking at the middle section. Cages are generally constructed of wire mesh. By the Victorian era the bird was I might put it on a necklace, though, just to see him roll his eyes. The mesh is generally 1/2 inch. Powder-coating can come in many decorator colors and is generally safe for birds. Rand will do anything to avoid having to deal with it. Larger birds can have a slightly larger mesh, but manufacturers are careful to keep the mesh fairly tight. A Must have leveler for cages in stands.
