The most pressing challenges can be outlined as being:  
Although concerns and hesitations about establishing free  
trade between Canada and China certainly exist, the general  
consensus is that the benefits outweigh the challenges.  
According to a New York Times article, Osiao will use English  
labels but its formulas will contain such ingredients as  
ginseng, Asiatic pennywort and ganoderma.  
Canada value the protection of intellectual property for owners, producer  
VAT and duties, business tax and withholding taxes can apply  
to funds remitted offshore, and the tax charge can become  
prohibitive if not structured carefully. The rewards of doing  
business in China are immense but the risks are real. One of  
the biggest concerns about opening a free trade agreement with  
China is whether Canadian export products might become

involved in oppressive situations.

There is a segment of affluent Chinese consumers who are willing to spend a lot

"the introduction of Osiao seems to explore the market opportunity with the ever-growing wealthy class in China.
