I think lessons on where vegetation grows help. A man wearing cargo shorts is driving a stone hatchet from an earlier video into a thin tree trunk. It takes a particular grace to deal with subject matter so recent and yet somehow so overexposed. But, to aphorise in the tradition of a Dill on the site that something is ancient. This is one of many contradictions posed by Primitive Technology that both nags—why is he doing this? The financial crisis made these changes more extreme. It was totally hand built by two people who have never built anything in their lives so it was bound to have a lot of problems. They have this kind of resonance in the present. It can look upward through the surface of itself to see potential predators silhouetted in the darkness. The school, independent since its founding in had avoided subsumption by the public Imperial College only to emerge in financial disrepair, near to shutdown, in need of new direction and an entirely new structure.
