I would like this in my classroom because it is a good way to teach kids how to read. Teaching children how to safely approach and interact with strange dogs is a crucial skill, and doing so with a fun picture book seems like a good way to show and reinforce this behavior. This was really cute and a good book to read to any child.

Note every family will have the chance to teach their child, and as a dog lover I would love to see a book like I Pet Your Dog?
